

***GY-HC500/550: Is the time code in/out format of the GY-HC500 compatible with that of a GY-HM600 series camcorder?***

Yes, the time code electronic and data formats of the HC500 and HM600 series are compatible. You can connect the time code in/out for a GY-HC500U Camcorder to a GY-HM600 series camera.
